Dear Members of the St Paul’s Community

First Holy Communion Workshop
The First Holy Communion Parent/Children Workshop will be held tonight, Thursday 5 May at 6.30pm, in the school hall for the parents and children in Year 4 receiving the Sacrament of Holy Communion.

First Holy Communion Parent Information Night
The First Holy Communion Parent Information Night, presented by Fr Tim, will be held next Thursday 12 May at 6.30pm in the parish church for the parents of children in Year 4 receiving the Sacrament of Holy Communion.

NAPLAN
The National Assessment Program Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9. On Tuesday 10, Wednesday 11 and Thursday 12 May, the Year 3 and 5 students will sit the 2016 NAPLAN tests.

NAPLAN assesses skills in literacy and numeracy that are developed over time, through the school curriculum. NAPLAN is not a pass-or-fail type test, but rather shows how students are progressing in numeracy and literacy skills against national standards for all Australian children. It also provides valuable information that allows schools and governments to better target effort to help all students achieve their potential and acquire the basic skills to help them build successful and happy lives.

All students are expected to participate in the tests. Students with a disability may qualify for reasonable adjustments that reflect the support normally provided to them in the classroom. The NAPLAN tests fundamental skills rather than specific content, and as such is not a test for which students can study or drill. The best way you can help your child prepare for NAPLAN is to let them know that NAPLAN is just one part of their school program, and to urge them to simply do the best they can on the day.

An individual student NAPLAN report will be issued by the school later this year. Parents can use this information to monitor how their child is progressing and to identify any areas of concern. Parents may also wish to use their child’s results to discuss progress with teachers. More information is available at www.nap.edu.au.

St Paul’s Primary School is committed to Christ-centred education, inspired by the vision of the Sisters of Our Lady of the Missions and the teachings of St Paul, empowering us to seek the truth and grow in knowledge from darkness into the light of Christ.

A Prayer for Mothers
Loving God,
We thank you for the mothers you have given us, whose love is so precious that it can never be measured, whose patience seems to have no end.
May we see Your loving hand behind them, guiding them. We ask you to bless them with your own special love. We ask this in the name of Jesus, our brother. Amen.
Please find below details of when the tests will be carried out for each year level. It should be noted that all testing will take place prior to lunch. The last day of the week is being reserved in the event that some children may be absent on one or more of the scheduled days of testing. If you have any further questions regarding the testing program please feel free to contact the school.

**Photo Days**

By now you have all received your photo envelopes, please remember to fill these in as soon as possible in order that we have these ready for Week 4 which is when we will have our photos taken.

**2016 Kindy Enrolments**

We have now commenced the interviewing process for 2017 Kindy (4 Year olds). If you have a child already attending St Paul’s and you have not yet completed an application form for a younger sibling (turning 4 before June 2017), please register your interest at the office and complete an application form.

**EXTEND After School Care**

We are excited to announce that, after analysing the results of the EXTEND After School Care survey, it may be a viable option for St Paul’s to go ahead with this venture.

Therefore, we have organised a meeting, this **Monday 9 May at 6pm** in the Barbier Hall with the Director of EXTEND After School Care.

At this meeting, you will be presented with information about EXTEND and have the opportunity to ask any relevant questions.

We would appreciate an RSVP so that we can gauge numbers.

Joanna Noonan  
PRINCIPAL
Parish / School Mass

Congratulations and thank you to the Year 3 children and their parents for hosting the Parish/School Mass and morning tea last Sunday. Special thanks go to their teacher, Irene Pangestu, for preparing the children. They were a credit to the school and their parents.

First Communion Parent Meeting

Next week on Thursday 12 May at 6.30pm, Father Tim will hold a parents only meeting in St Paul’s Church. Please be advised that if you do not attend this meeting, your child may not be eligible to receive the Sacrament. If you have not returned your application form, please do so as soon as possible. You are also required to pay a $40 enrolment fee. Payment can be left in the school office or handed in at this meeting.

Upcoming Events

Monday 9 May  Prayer Assembly 8.45am Year 3

Tuesday 10 May  Class Prayer 9.00am Year 2

Thursday 12 May  Mass 9.15am Year 4 (Yr 4-6)

FHC Parents only meeting 6:30pm (Church)

Ascension Day

Ascension Day is the 40th day of Easter and commemorates the ascension of Jesus into heaven, 39 days after resurrection on Easter Sunday. During the forty-day period before he ascended into heaven, it is believed that Jesus preached and intermingled with his apostles and disciples.

Ascension Day celebrations include the following:

The Easter (Paschal) candle is put out.

There may be processions with torches and banners and fruits and vegetables may be blessed in church.

Ten days after Ascension Day is Pentecost which commemorates the coming of the Holy Spirit to the disciples. Pentecost ends the cycle of Easter related events in the Christian Calendar.

Mac Callisto
ASSISTANT PRINCIPAL

Happy Birthday to the following students who celebrate their birthdays this week

Andre Litizia
Kaitlyn Sack
Amelia Reeves
Madisyn Dang

HONOUR CERTIFICATES

PP  Erin Carroll  Nancy Murphy  Jules Armstrong
Yr 1  Artem Akselrod  Adrian Farone
Yr 2  Bella Woods  Oliver Rowney  Alex Abbott
Yr 3  Oliver Grant Smith  Alyssa Coletti
Yr 4  Marysia Crisafio  Nadia Battalis
Yr 5  Aidan Sack  Sophie Gazia  Clare Baroni
Yr 6  Caitlin Ryan  Taylor Harris
St Paul’s is excited to announce the installation of a multi-media studio. Located on the left hand side of the stage in the Heritage Hall, it includes a large ‘Green Screen Kit’ for the creation of multi-media projects involving audio and visual elements. We are awaiting the arrival of an iMac, which is a desktop Mac computer that will include special editing software.

Our Year 6 students have been lucky enough to try out the ‘Green Screen Kit’, which includes professional lighting. The use of the ‘Green Screen’ allows students to superimpose backgrounds at the same time as they recorded speaking. This footage can then be imported into such programs as iMovie and turned into audio-visual files for learning and assessment purposes.

Once the multi-media studio is up and running it will be accessible to all classes across the school. We hope to expand the resources available in the multimedia studio in the future to allow even more students to access this amazing technology.

SCHOOL PHOTOS

School photos will be taken on Thursday 19 and Friday 20 May. The children need to come to school in correct winter uniforms, the correct shoes and socks and the girls wearing red or blue hair ribbons. Parents are asked to return the envelopes (that went home this week) even if they are not ordering any photos. All photo envelopes are to be returned to your child’s class teacher prior to the photo date.

Family photo order forms are available from the office. All students from Kindy to Year 6 will have their class and individual photos taken on Thursday 19 May. Pre-Kindy students will have their class and individual photos taken on Friday 20 May. Family photos will take place over both days.

Jesse Yock
ASSISTANT PRINCIPAL
SPORT NEWS

It has all been happening at St Paul’s! This week we started with our Runner’s Club at Yokine Reserve. Well done to all those students who participated. We had a time trial for the students to set themselves a bench mark and with training we are hoping everyone will smash their personal best times. Thank you to the parents who assisted with the breakfast club. We appreciate all the time and effort that the parents put into assisting with the extra-curricular activities outside of school hours.

Winter Sports Training

Winter Sports Training also commenced this week with 21 students signing up for soccer, 13 for AFL Football and 42 for netball. The after school sports training is a very popular activity in which to participate. If you would like to be involved in the Winter Sports Training after school on a Tuesday from 3pm-4pm please return your permission slip to Miss Kerse. Thank you to the teachers for giving of their time to assist with the coaching of all these sports. If there are any parents who would like to assist with the coaching please let Miss Kerse know.

Squash Incursion

We have been very lucky to have Tim come in and run free squash sessions for all our students. The students were fascinated by the inflatable squash courts and funny looking racquets that they had to use. If your child is interested in being involved in the squash please contact Tim at Wembley Squash WA.

Please check out the photos from our winter sports training and squash incursion.
Students in Year 6 have been busy practising and refining their mental computation skills. To assist students with this we have implemented a new game called NUMERO. Played in pairs, this card game has the potential to significantly boost mental maths ability, is adaptable and differentiated to any ability level, increases student confidence in maths and encourages tactical thinking.

Our students are currently engaged in a NUMERO competition within the class. Mr Yock is on top of the ladder of course!

Playing Numero is a great way to improve maths, while having fun at the same time.
SCHOOL NEWS

Pirate Day Friday Free Dress Day

On Friday 10 June you will not be sending your child to school but instead you will be sending a PIRATE on a VOYAGE. By participating, your child will be partnered with Telethon Adventurers in their fight with childhood cancer by raising funds for vital research into childhood brain cancer. The day will include activities in educating your child on the issue and important values of empathy, leadership and community giving.

So please ensure that your pirate child is dressed up and has a gold coin donation. For further information or if you wish to donate to this cause yourself, please visit www.piratedayfriday.com or give your child more treasure to contribute to the schools’ treasure chest (donation box).

P&F NEWS

Book Fair

Wednesday 18 May to Friday 20 May

Come along to our Scholastic Monster Book Fair and stock up with great discounts! Catalogues will be coming home shortly. The fair will be open from 8.15 - 8.45 am and 3.00 - 3.30 pm.

We would love your help! If you can spare some time to volunteer during one of these times it would be greatly appreciated. A roster will be on the Heritage Hall door. Please fill in a slot. It’s lots of fun and no experience is necessary!! If you can help, or for further information contact Juliet Bruining on 0447 774 037 or pop in and see Mrs Antoni in the Library.

Entertainment Books

Entertainment Books are now available for purchase. You should have received a flyer regarding the Entertainment Books earlier this week. If you wish to purchase a book, please contact Clare Salfinger, or your Class Representative, who can forward on relevant details.

PRE KINDY

It’s Term 2 already, promising another busy term ahead.

We will begin by celebrating our Mothers with our special Mothers’ Day Morning. We will then start to learn more about our own families, friends and the different feelings we have.

The Pre Kindy children will also begin to explore and discover the wonders of God’s creations in the world around them, looking at insects and their life cycles. We will observe the changes that take place as eggs hatch into caterpillars and then transform into butterflies at our discovery table.

KINDY

Our theme this term in Kindy will be Jungles. We will explore the different animals that live in the jungle and also the plants that grow in there.

**Religious Education:** Thanking God for his wonderful creations and learning to be part of an extended family of God.

**English**

Writing: Children will begin to look at letter names and sounds and have the opportunity to write these letters in upper and lower case.

Reading: Continue to read daily during mat sessions and provide opportunities for students to retell, answer questions, share feelings and thoughts. Students will continue to have opportunities to recognize their names and other names in the class. They will begin to recognize letters and letter names.

Speaking: Students will have opportunities to share with the class their letter of the week object. They will use interaction skills such as listening, while others speak and use appropriate voice levels, articulation and body language, gestures and eye contact.

Baxter Bear will be our special visitor, who will visit all the Kindy children’s houses by the end of the year. The children will then share their experience with the class through a visual diary and also as a presentation to the class.

**Numeracy:**

Read/write and say whole numbers, using them to say how many things there are, make collections of given sizes and describe order. They will also explore language such as on top, over, next to, in front and understanding the position of objects. Provide opportunities to cook and measure out ingredients.

**Science: (Biological Sciences)**

Living things have basic needs, including food and water. **Sustainability:** All life forms, including human life, are connected through ecosystems on which they depend for their wellbeing and survival.

YEAR 1

Once upon a time, a group of wonderful Year One’s entered the magical world of fairy tales...That’s us this term! We are looking at our favourite stories and are even attempting to grow our own beanstalks. In English, we are writing our very own ‘twisted’ fairy tales. There will also be a secret mission happening around Mother’s Day to find out which mothers are real princesses! In Mathematics, we are going to be using Mrs Duffy’s baby to learn about probability and data collection. There will also be some work on graphing to see who would kiss a frog! Also, be sure to keep an eye out for our “#sorrynotsorry” display, where we will be letting the Little Red Hen know exactly what we think. We are a very honest bunch! Don’t forget to mark our assembly in your diary... it’s going to be full of fairy-tale fun!

YEAR 2

Term 2 got off to a great and busy start and we are so excited about the fun events that this term has to offer! It will once again have a variety of interesting and challenging learning opportunities. Our theme for this term is.....fairy tales!! Be sure to expect to see some magical work based on our theme around our classroom.

Our most exciting project for this term is building a house that the BIG BAD WOLF can’t blow down! We also have our assembly coming up and we hope you will enjoy the message that we are trying to deliver.

During this term we will be focusing on writing amazing, persuasive brochures, as well as learning how to write some interesting information reports! In Numeracy, we will mainly focus on addition, multiplication, fractions, chance and data. We will be mathematical wizards in no time! In Religion, we are covering two units, which are: Beautiful World and Joining in the Lords’ Meal. In these units we will study how our souls are the core of every human being and we will keep discovering that God is more beautiful than we ever could imagine as we study beauty in creation. We can look forward to another successful term together and enjoy our learning journey.
COMMUNITY NEWS

YEAR 3

We are kicking off the term with NAPLAN testing in Week 3. As for the rest of term, we have lots of exciting things planned. Our theme of ‘Celebrations’ will be integrated in a number of different learning areas, such as History, English and Art. We will focus on some important days of commemoration and celebration within Australia and then branch out to those celebrated in different countries around the world. By the end of this term, we will understand how to write reports, present work in a digital format, write procedures and more!

In Maths, we’ll learn how to measure length, perimeter and area, and how to use money wisely. We’ll learn the times tables and conduct chance and probability experiments! In T&E, the Year 3 and 4 students will create a brand new, healthy and delicious cereal that will hopefully be eaten by millions of people in Australia one day. As part of their learning, they will also learn multimedia skills to create an engaging advertisement for their cereal creation.

YEAR 4

This Term promises to be an exciting one, with the Year Four class making First Holy Communion on June 12 (Week 7). Preparation is well under way, with Father Tim visiting the class for extra catechism classes on Friday afternoons. The class have also started an assignment where they are making a documentary movie about the events of the Last Supper. They will also be researching a Saint of their choice and then preparing a speech with a slideshow, using Keynote.

In addition to this they are writing a persuasive text on a topic of their choice. They will be researching the topic in order to make their arguments more effective.

They will also be designing and making a healthy breakfast cereal. This will involve making a box and a commercial to advertise their product.

In Maths the focus is on multiplication, division, fractions, volume and graphing.

For History, the class will continue their study of the Indigenous history of Australia.

YEAR 5

Our Fantastic Year 5 students have settled well into the expectations, schedules and routines of Year 5. It is a privilege to work with these engaged students and observe the improvement in their organisational skills, personal accountability and learning. These students continue to be very busy, preparing themselves for the upcoming NAPLAN assessment.

This Term the students will explore the Sacraments of Baptism and Eucharist in Religious Education, as they begin to prepare for the Bishops’ Religious Literacy Test that will take place early in Term 3. As a result of NAPLAN we are continuing our focus on both Narrative and Persuasive writing. We are placing an emphasis on reading for research purposes, developing both the students’ note taking and report writing skills. In Mathematics the students will focus on decimals, multiplication, 3D shapes, area and perimeter, volume and graphing. S&E will see the students examining the establishment of the Swan River Settlement and life for the early convicts. They will research significant people in the establishment of early Australia.

YEAR 6

In literacy we will move onto the narrative text type and continue to extend and improve our oral language skills. Differentiated reading groups will continue to run in the classroom, targeting students at their point of need. In Maths this term our, focus will turn to fractions and decimals, supplemented with the measurement concepts, mass and capacity.

Our Dedicated Numeracy Blocks will continue to incorporate both skills work, hands on activities and interactive stations everyday. A focus on problem solving and mental computation strategies will also enhance the numeracy program.

Faith development and Religious Education knowledge will continue to be at the forefront of our learning. This term the Religious Education units will be, “God Provides For All” and “Stirred Through Emotions”. The integrated topic across the learning areas this term will be “Australian Government”, with an excursion to Parliament House planned for Week 8.

With a number of digital fluency projects in the pipeline and a whole school St Paul’s Day feast to prepare, who wouldn’t be excited about Term 2 in Year Six?

Helping students get ready for the NAPLAN tests

The most resilient children and young people are those who rise to meet rather than retreat from the challenges presented to them. Perhaps it’s best to view the NAPLAN tests as good learning experiences rather than dreaded pressure tests.

During the second week of May, children in Years 3, 5, 7 and 9 will take part in the National Assessment Program – Literacy and Numeracy (NAPLAN). The stated purpose of this testing program is to gain an overall picture of educational attainment levels to assist education policy and decision-making.

The program first implemented in 2008 has drawn some criticism from a number of different quarters, particularly in regard to the use of the information gained through the NAPLAN tests. You’ve probably heard a number of different viewpoints expressed in the media over the last few weeks.

One view commonly put forward is that the NAPLAN tests put undue pressure on children to perform in test situations. Is so, then perhaps the best approach for parents and teachers is to help them handle the pressure rather than avoid it. The most resilient children and young people are those who rise to meet rather than retreat from the challenges presented to them. Perhaps it’s best to view the NAPLAN tests as good learning experiences rather than dreaded pressure tests.

Children and young people take their cues from their parents about how to handle many situations. American psychologist Martin Seligman discovered more than a decade ago, through his research into children’s thinking styles, how closely a child’s explanatory style mimics that of the parent they spend most time around. Optimistic parents believe optimistic kids, just as anxious parents can beget anxious kids. The impact of a parent’s explanatory style seems to be magnified somehow in small families where there are fewer voices to be heard.

As a parent it helps your child, if you take a positive view of the NAPLAN tests. It’s better to see them as learning opportunities for kids as well as opportunities to overcome any anxieties or nerves that these tests may bring on. It’s also worth remembering that many children don’t stress over these tests. The vast majority take them in their stride, wondering what all the fuss is about.

Whether your child stresses or takes them in his stride here are some tips to help prepare for the NAPLAN tests:

1. Take your cues from your child:
   If your child doesn’t worry about them then neither should you. Be careful not to create a problem that doesn’t exist by incessantly talking about, or worse, worrying about the test.

2. Focus on doing their best and trying hard:
   Choose your words carefully when you speak with your kids. As with all their learning activities make your focus squarely on effort rather than results. The only pressure on kids should be to try hard rather than to do well.

3. Listen to any concerns they have:
   If your child confesses to some nerves then validate their feelings, rather than shut them down with a ‘get over it’ response. “Yes, sometimes tests can be a little scary, but they get easier every time you take them.” Use this as an opportunity to develop some emotional smarts, which starts with recognising how kids feel.

4. Give them some relaxation ideas:
   Anxious or nervous kids will benefit from some simple relaxation strategies. Taking some deep breaths, changing their thinking and exercising the morning of the test are some simple ways to help kids get some feeling of control.

5. Help them retain their perspective:
   One way to help children who become excessively anxious about an event is to ask what’s the worst thing that could happen? Okay, they may not do as well as they would like but the sun will still rise tomorrow, regardless of how well they do. Keeping perspective is a life skill that we all need to practice.

A positive, caring parent attitude is one of the best gifts you can give a child when they are apprehensive or nervous about approaching any different situation whether it’s going on school camp, joining a new club or siting a NAPLAN test.
